Transcriber's Office

March 22, 2000 LB 171

PRESIDENT MAURSTAD: Senator Redfield.

SENATOR REDFIELD: Yes.

SENATOR CHAMBERS: Senator Redfield, if I were to purchase something at the 1/2 Price Store, I don't know what they call it now, would I have to pay sales tax on those, if I bought some garments or shoes or whatever?

SENATOR REDFIELD: Yes, sir.

SENATOR CHAMBERS: If I purchase something at the Goodwill, would I have to pay sales tax?

So it would be similar to saying that a store wants to expand and sell new products and, since they want to expand and sell new products, they want to be subsidized by the public in their expansion mode, but once they have expanded and start selling more and making more they're not going to give anything back to the public. These stations are not going to be required to reduce their
